

Name

Plot Points in a Coordinate Plane

Alg I

I can identify and plot points in a coordinate plane.

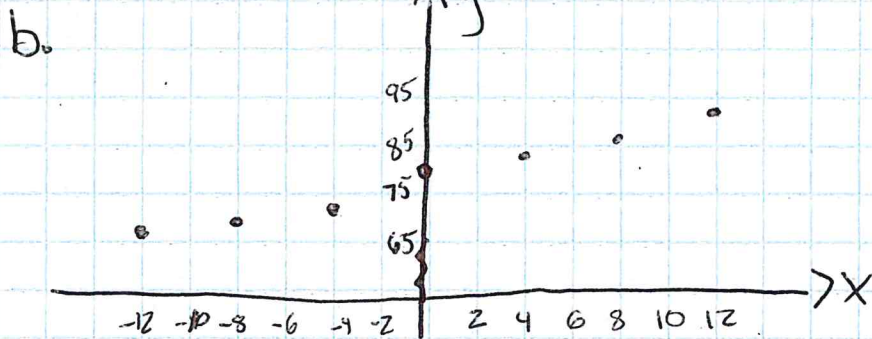

Ch. 3

Quiz

Example 4:

Years before/since 1972	-12	-8	-4	0	4	8	12
Votes (millions)	69	71	73	78	82	87	93

- 8) a. The table represents a function, because each input has exactly one output.

- c. Before 1972, the number of voters increased by 2 million every 4 years. In 1972, it increased by 5 million and continued to increase by more than 2 million every 4 years.
