# Solve Linear Equations by Graphing

I can use graphs to solve linear equations.

Ch. 3 Quiz

\* Complete Practice, pg. 190, #

Steps for Solving Linear Equations by graphing.

- 1) Solve  $ax+b=0$
- 2) Write  $y=ax+b$
- 3) Graph  $y=ax+b$

The solution is the x-intercept of the graph.
